

Spring is here and it's time to clean up some inventory-related loose ends. We're discounting our remaining selection of complete bike builds that are being discontinued. We're still offering Hyland and Loring complete bikes in 2010, but with different component packages. Great deals are there for the taking.

Also, a few of our Lorings were scratched on the downtube during shipping. We sold some at Frostbike and are now offering the rest to you at significant discounts. Pricing is valid while product lasts.
